

"MicroStation has worked beyond our hopes."

"We're utilizing today's high-tech CAD/CAM products to rejuvenate a truly elegant, almost lost art form.

MicroStation is at the very core of this effort. It helps us understand how the Gothic construction of our cathedral was done and how to do it in the future."

"We feel that MicroStation is the most sophisticated, versatile CAD product to work with, and that it provides the best direct link with our machining process."

"MicroStation has taken away all the arduous work, the repetition – it lets us concentrate on the beautiful work."

"With MicroStation, I gain more out of the man, I gain more out of the machine, the company gains all around. End of story."
